SALE SALE SALE!!!

US DID starting at **\$1.10** per month, 5000 free

Completing DIDX Interop

- See full details. <http://www.didx.net/interop>
- Click Buy DID. Get free USA and free UK DID.
- Point to your SIP or IAX server. Test. * See next slide.
- Test DTMF. (DIDX does not support DTMF on South American DID.)
- Confirm DIDX Terms and Conditions.
- Fill, sign, fax service agreement.
- Complete the activation call.
- Wholesale w/ minimum of 20 DID in account.

Default RingTo Information

- DIDX member supplies default ringto location
- User profile includes default ringto
- Member provides a keyword of “DID” to replace the DID number purchased
- Example: [DID@arfeen.net](#), while purchasing 1419111111, ringto will automatically be [1419111111@arfeen.net](#), even for multiple DID's.
- See picture next page/slide.

Default RingTo Picture

- Click Profile
- Click Ringto

Default RingTo Settings	
Set default ringto location	18005558355@carrierx.org (SIP) (Change Default Ringto)

- Edit Ringto
- Click Save Information

Change Default RingTo	
Change Email Preferences Information	
Default RingTo Type	<input checked="" type="radio"/> SIP <input type="radio"/> IAX
Current Default RingTo	18005558355@carrierx.org
Default RingTo	<input type="text"/>
<small>- Providing keyword 'DID' will automatically replace the DID number you will purchase. - e.g. DID@yourdomain.com, will be set as 14191234567@yourdomain.com</small>	
<input type="button" value="Save Information"/>	

Test DID w/ FreeWorld Dialup

- Download the FWD software at
- <http://www.freeworlddialup.com/>
- Setup your FreeWorldDialup USER ID.
- Set your DID in DIDX to ring to
- “yourFWDuserid@fwd.pulver.com”
- Open your FWD software.
- Make a test call to your DIDX number.
- Accept the call on your FWD software.
- We do not guarantee this. FWD is not our company.

Test DID with Gizmo Project

- Go to www.sipphone.com
- Download Gizmo Project software.
- Setup your Gizmo Project ID.
- Go to www.didx.net and set your DID to ring to
- “Your GizmoProjectID@proxy01.sipphone.com
- Open Gizmo Project software.
- Dial your DID. Accept the call on Gizmo Project.
- We cannot guarantee this. SIPphone is not our company.

Sell DID to DIDX.net

3800+ members

Help

This page allows you to add DID's in your account for selling via DIDX network. These DID's will be offered on the network once you add them. You must point the DID to our network before you try to add them here. Point to **number@sip.didx.org** if you are using SIP or **guest@iax2.didx.org/number**. Enter the number in E164 format i.e., **4420720811234@sip.didx.org** or if you can not point to a domain point to **4420720811234@66.98.180.77**. You must add at least 20 international or 50 US DID numbers, before you can actually sell on DIDX network. If you wish to add more DID's than those amounts, please send us the DID's in xls format, or use our api to add automatically www.didx.org/api/

[Click Here Advance DID Uploader](#)

- Download your list via CSV format

Add Talk Time

The image shows a form titled 'Add Talk Time'. It has two radio button options: 'Add Talk Time Worth \$25' (which is selected) and 'Add Talk Time Worth' followed by a text input field and '(Min. \$25)'. Below the options is an 'Add' button.

- Add \$25 and click Add. Or add any amt \$25 minimum.
- Talk time is for per min charge that some providers require on DID. When you BUY DID, this requirement should it apply will be listed on DID details.
- Because of this, we recommend you do PRNT SCRNR when buying for your records.

- Minimum quantity fee explanation

LNP USA only (also in FAQ)

- **Question:** What is the cost for "LNP" in DIDX.org?
- **Answer:** \$15.
- **Question:** Is there any condition before porting a number on DIDx?
- **Answer:** The member who ports a number must have at least 20 purchased DIDs from DIDx in its account.
- **Question:** Do I own the number I buy via DIDX?
- **Answer:** Yes, and in order to use it, you need a carrier. The per month fee you pay is to keep the current carrier to service the number for you. If you wish to change the carrier, port the number away from the current carrier to a new carrier.
- **Question:** How long will it take to port a DID to a new carrier?
- **Answer:** Normally 10 days, but can be 60-90 days depending upon the cooperation with the current carrier of the DID.
